

DCS Contracting, INC.,

Thank you for your recent generous donation of \$100 to our Kindergarten Self-contained, Special Education classroom at Robson Elementary. It will make an immediate difference in the lives of my students.

We will be using your donation money to order two bean bags to help support the needs of two of our students with Autism. It is important that we have funding in order to differentiate the needs of each individual student. This donation will go a long way in my classroom and we are so grateful for your contribution.

The goal of our classroom is to help 15 students with severe speech and language delays to get them mainstreamed back into the general education classroom. With special education, proper funding is not always in place. We are grateful you were able to support enriching the lives of our students!

Educationally yours,

**Shannon O'Riley**
